

# BECOME AN SDIEA SUPPORTER

## Create a brighter future

Living on the margins in a rural area can create challenges for people for the whole of their lives.

SDIEA needs your help to support these community members to get access to education and life skills, to break the cycle of disadvantage.

At SDIEA, we provide support for our clients, help them find their aspirations and give them careers advice, and provide access to education and skills training to prepare them for success work and life.

Work provides people a sense of purpose, an opportunity to contribute and gain skills, and improves confidence and self-esteem.

Help us create a better future for people on the Southern Downs through skills training and education.

## Partner with us

Our partners engage with us in a range of ways, contributing time and expertise to assist SDIEA.

From volunteering in our office to holding your own fundraising event or running in an event to raise money for us, there are lots of ways to get involved.

## Work Experience for our clients and graduates

We understand the value of work experience, help job seekers into jobs that they love, and in the opportunities it opens for growth for supporters and partners.

Work experience gives our clients experience and confidence, whilst demonstrating their skills. It can form an important part of their job seeking activities and can help them understand the workforce.

If you are interested in becoming a Work Experience Partner, call us on 07 4667 0420, to see how we can make that happen.

## Fundraising

Fundraising is a great way to make a real difference, to help people gain life and work skills through training and to build a better future for themselves.

Whether you want to run a marathon, host a trivia night, or ask for donations instead of birthday presents, you are only limited by your imagination.

As a registered Deductible Gift Recipient, any donation you make over \$2 is tax deductible.

As a community based not for profit, your support makes an enormous difference to our operation.

## Workplace giving

Workplace Giving, gives your team the opportunity to support a cause they care about while contributing earnings pre-tax. It reduces your employee's taxable income, so they benefit every pay and their donations go even further.

You can choose to match your employee's donations dollar for dollar, so your company can have double the impact.

To find out how you can offer Workplace Giving to your staff, contact us on 07 4667 0420.

## Volunteering

SDIEA would not be where it is today without the help of our supporters, including many volunteers.

You can help people access training and create a better future for themselves. Join our community of volunteers and help community members on their way to success.

If you would like to donate your organisational expertise and professional skills to our organisation, please contact us to discuss volunteering opportunities.

**For 20 years, SDIEA have offered alternative education, youth support programs, work experience and structured workplace learning, mentoring, career and transition support, and we have helped many people on their road to long term success.**
